

# THE GREENWORX GAZETTE

Our update to educate, inform and inspire

Welcome to our May 2022 edition of 'The Greenworx Gazette'. This is our way to help educate, inform and share what's happening, not only within Greenworx maintenance and projects activity, but across the landscape industry.

## NEW TEAM MEMBERS!!

Over the past few months, Greenworx has continued to grow and we are happy to welcome many new team members across all states!! Welcome to Greenworx! We look forward to your contribution and supporting your career growth.

## NEW QLD STATE MANAGER

Meet Jason, our new QLD Branch Manager. Jason had joined Greenworx back in February. From the get go, Jason hit the ground running, bringing his previous operational and customer service experience to help build and challenge our team up in QLD. After only a few months, Jason is already making a difference! We are excited to see the continued growth of Greenworx QLD.

## NEW SCHOOLS

As Greenworx is continually growing, we are very excited to have been awarded several new contracts including two new contracts at Parramatta Marist and Catherine McAuley Colleges in Westmead.

Our team on the ground has received positive feedback from the faculty regarding the standard of work and huge improvements in the first few weeks.

Great job team!!

## WORLD TURTLE DAY

On May 23rd, it is World Turtle Day. On this day, it celebrates the uniqueness and resilience of turtles and tortoises. It is a day to inform and encourage the protection of these species and bring light to the reducing populations due to both environmental hazards and human interference. One way in which we can support this cause, is ensuring to pick up our rubbish and dispose of it appropriately so that it doesn't end up in our waterways.

For more information, check out the World Turtle Day website: <https://www.worldturtleday.org/>

If you wish to donate, check out the Australian Seabird and Turtle Rescue for more details: <https://seabirdrescue.org.au/>

## WHAT'S HAPPENING IN VIC?

Our team in Victoria have been working hard on numerous maintenance contracts and projects.

Recently, our team have had the opportunity to do a small upgrade to a local AFL oval. Our team set out to provide new seating and a crushed granite path to the grounds. This has helped to further improve the area which was muddy and unable to support turf growth due to the high level of foot traffic.

Well done team!
