

# THE GREEN GAZETTE

Your monthly update to educate, inform and inspire

Welcome to the April 2023 edition of 'The Greenworx Gazette'. This is our way to help educate, inform and share what's happening, not only within Greenworx maintenance and projects activity, but across the landscape industry.

## OUR VIC OFFICE / WAREHOUSE HAS MOVED!

Bigger is not always better, but in this case, it definitely is! Our ongoing growth in Melbourne made it a necessity to relocate to larger premises.

Our new digs are at 8/11 Industrial Avenue, Thomastown VIC 3074.

## TLA WOMEN IN LANDSCAPING BRUNCH 2023

Last Month, part of our NSW Team attended the Women in Landscaping brunch held by The Landscape Association at the Glasshouse, Artarmon, where the topic was #EmbraceEquity.

The team listened to a panel of speakers talk about their experiences and gained a valuable insight to what the group experienced through working in the industry. There were also some great discussion points on the steps, positive initiatives and suggested improvements to implement across the landscaping community to help create a more equitable environment.

We look forward to attending again next year!

Check out our LinkedIn and Facebook for more photos!

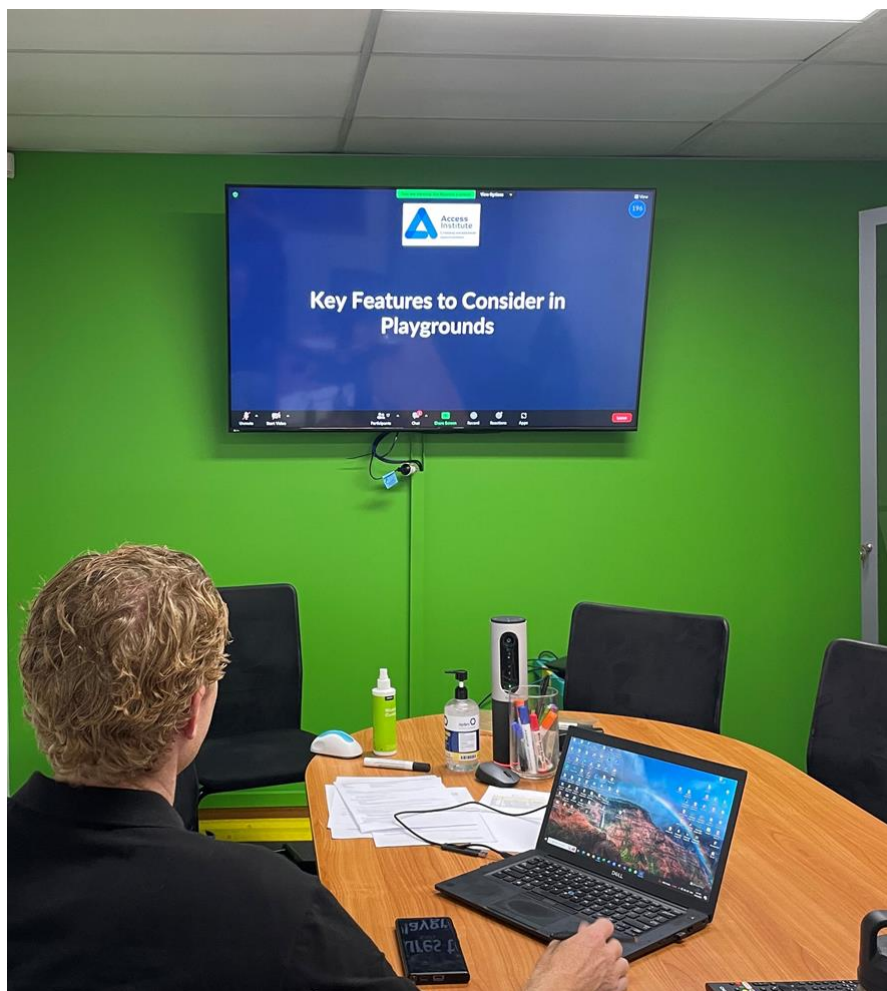

## TRAINING

Recently, our project supervisors in NSW and VIC completed an online training course that focused on, "Understanding Access and Universal Design in Parks and Playgrounds".

The course went for one day and it helped to provide an insight for our supervisors on how to make areas, such as playgrounds and other public amenities, more accessible. With codes of practice always changing, it is important that we stay up to date.

## IT'S MULCHING TIME

Mulching can sometimes seem like a big task, but it is very important for your garden soils and plants. Mulch not only can have a wonderful visual impact but it also provides a range of other benefits.

Did you know that a properly mulched garden bed:

- Can reduce your need to water by as much as 70%!

- Can reduce weed growth!
- Can reduce weed-seed germination and make hand weeding much easier!
- Slow down rain water run-off!
- Insulate your soil and add much needed nutrients

Contact our team today to discuss the best mulching options for your site!

## EMPLOYMENT

**Do you enjoy working as part of a team?**

**Do you love working outdoors and at a variety of different sites?**

**Do you have or want to obtain a qualification?**

At Greenworx, we are seeking new team members to join our team. It is important to us to find people who share our company values and take pride in the tasks they complete everyday.

We are on the look out for the following to join our teams:

- Maintenance Team Leaders
- Maintenance Landscape Assistants

Consider giving us a call on **1300 476 979** or email

**[employment@greenworx.com.au](mailto:employment@greenworx.com.au)** to discuss the positions in further detail.

“When experience and dedication matter,  
Greenworx makes all the difference.”
