

THE GREENWORX GAZETTE

Your monthly update to educate, inform and inspire

Welcome to the December 2023 edition of 'The Greenworx Gazette'. This is our way to help educate, inform and share what's happening, not only within Greenworx maintenance and projects activity, but across the landscape industry.

MERRY CHRISTMAS AND HAPPY NEW YEAR!

What another important year we have had at Greenworx!

We would like to take this time to thank our clients and partners for your ongoing support as well as our teams across NSW, QLD and VIC for their continued dedication and hard work every day.

We would like to wish everyone a safe and happy Christmas and best wishes for the new year!

TURF RENOVATION

Our team in VIC recently started a high-level turf renovation program at Hume Tennis Centre where the goal was to upgrade the common space between the courts to enhance the outdoor area of the facility.

The works included adding kikuyu sods to areas where there was minimal kikuyu grass, soil amendment, fertilising as well as pest and disease programs to ensure the sufficient establishment of the areas.

Great work team!

LANDSCAPE UPGRADE

Our team in NSW had recently completed a landscape upgrade at a public school.

The school had an area of unused space where demountable classrooms once stood. The school wanted to enhance this area to create an active space for the students but also to maintain a natural feel where possible.

Our team achieved the school's vision through:

- Installation of timber balance beams, tee pee and garden edging
- Installation of natural sandstone logs
- Installation of synthetic grass which also included numbered snake and hopscotch inserts

- Installation of small garden beds with native planting and a retaining wall around an existing tree

The incorporation of the above features helped to maintain a natural feel to the landscape but also create an active space for the students and teachers to utilise during breaks and outdoor learning classes.

CONTRACT WINS

Congratulations to our team in QLD who have recently won maintenance contracts for both the junior and senior campuses of an independent school.

Earlier this year, our team provided a short-term lawn and garden maintenance contract to the senior campus where they were able to produce some great results!

Our team has hit the ground running on both sites which are already presenting some wonderful outcomes!

Overall, we are delighted to be back and look forward to working with both campuses to ensure the grounds are kept to a high standard.

EMPLOYMENT

Do you enjoy working as part of a team?

Do you love working outdoors and at a variety of different sites?

Do you have or want to obtain a qualification?

At Greenworx, we are seeking new team members to join our team. It is important to us to find people who share our company values and take pride in the tasks they complete everyday.

Consider giving us a call on 1300 476 979 or email employment@greenworx.com.au to discuss the available positions in further detail.

“When experience and dedication matter,
Greenworx makes all the difference.”
